That's correct but we just wanted to make sure we had any data references at hand if you were to ask. Talk to you tomorrow

I honestly don't. My understanding is this interview is with Lyndsey, who can answer some of the health related questions about this property and some of the others that EPA is evaluating. I will be asking questions off the cuff. I'm not anticipating I will get anything earthshattering based on prior interviews.

Hi Dan. If you have any specific questions that you can send ahead of time so we can pull data and have info in front of us for discussion, that would be helpful. Thanks
